A LETTER FROM THE PRESIDENT

Hello everyone,

My name is Connor Slack, and I am the current President of the Beta Alpha chapter of Alpha Tau Omega. I am a junior from Ankeny, Iowa, majoring in Political Science and Business Management with a minor in Legal Studies. I am incredibly grateful for the opportunity to share what we have accomplished this spring.

This semester, we welcomed five new members, bringing our brotherhood to 33 outstanding men. Over the past year, we have truly excelled in upholding the values and principles that make our fraternity unlike any other. Through service, we are approaching nearly 2,000 philanthropy hours. In leadership, our brothers are making an impact across campus—from academics and Student Government to athletics, IFC, and residence life administration. And academically, we are proud to have earned the Fraternity GPA Cup with a 3.4 cumulative GPA.

The brothers of Beta Alpha have remained consistent in honoring the core principles we committed to during our initiation. As we look ahead to the fall, we are focused on strengthening alumni engagement, continuing our strong recruitment efforts, and growing Beta Alpha as a whole as we move toward the Fall of 2027.

We would love to have alumni from all chapters visit, share their experiences, and help guide our members. If you are interested, please feel free to reach out to me at any time at connor.slack@my.simpson.edu or 515-782-0356.

We are excited to continue building the strength of our chapter and sharing our community with those who choose to get involved. As always, thank you for your continued support, it truly means a great deal to all of us.

Love and Respect,
Connor Slack

Talking Taus Senior Spotlight:

Jaden Brown

"My favorite memory is freezing for a reason."

Matthew Car

"My favorite memory is grilling for the boys."

Brady Connor

"The most important thing I got out of ATO was the opportunity to meet incredible individuals I would have not met if it were not for ATO."

Grant Love

"My favorite memory being a part of ATO was hosting a tailgate at homecoming. It was always nice seeing old friends, meeting alumni, and spending the day watching football and eating good food. The most important thing I got out of ATO was the relationships I made. From my first-year to my senior year, I've made friendships that will last a lifetime, and connections who will always be willing to help guide me in my future career."

Brady Siders

"ATO gave me the most leadership opportunities possible and helped shaped me into the man I am today. I wouldn't be where I am without the leadership opportunities and development."

Jack Wahman

"My favorite memory of ATO was the retreat to Chicago when I learned more about being a Bible Study leader through that weekend. I never thought I would have been given the privilege and be in that position coming into college, so it just shows the leadership opportunities that come along with ATO."

Ethan Sipos

"My favorite memory is the movie nights and Sunday brunches with the guys in my class. Most important thing I got out of ATO is learning how to interact and get to know people from different backgrounds as well as learning to have civil uncomfortable conversations."
